ARBITRATION AWARD

I, Anne Malone, the undersigned arbitrator, designated by the American Arbitration Association pursuant to the Rules for New York State No-Fault Arbitration, adopted pursuant to regulations promulgated by the Superintendent of Insurance, having been duly sworn, and having heard the proofs and allegations of the parties make the following **AWARD**:

Injured Person(s) hereinafter referred to as: EIP

1. Hearing(s) held on 06/18/2024
Declared closed by the arbitrator on 06/18/2024

Matthew Sledzinski, Esq. from Law Offices of Gabriel & Moroff, P.C. participated virtually for the Applicant

Chad Meyers from Geico Insurance Company participated virtually for the Respondent

2. The amount claimed in the Arbitration Request, **\$684.04**, was NOT AMENDED at the oral hearing.
Stipulations WERE NOT made by the parties regarding the issues to be determined.

3. Summary of Issues in Dispute

The 69 year old EIP reported involvement in a motor vehicle accident on July 16, 2022; claimed related injury and received a TENS unit with leads provided by the applicant on August 29, 2022.

The applicant submitted a claim for this durable medical equipment (DME), payment of which was denied by the respondent based on its finding that benefits are not payable as the applicant failed to comply with the policy terms by failing to appear for two scheduled examinations under oath.

The issues to be determined at the hearing are:

Whether the applicant violated a condition precedent to coverage.

Whether respondent's denial based on the applicant's failure to appear for an EUO can be sustained.

4. Findings, Conclusions, and Basis Therefor

This hearing was held on Zoom and the decision is based upon the documents reviewed in the Modria File as well as the arguments made by counsel and/or representative at the arbitration hearing. Only the arguments presented at the hearing are preserved in this decision; all other arguments not presented at the hearing are considered waived.

It is the respondent's burden to prove that the bills in question were properly denied. Under 11 NYCRR 65-1.1, which prescribes the No-Fault Mandatory Personal Injury Protection Endorsement which must be included in all owners policies of motor vehicle liability insurance issued in New York, the "Conditions" section of the endorsement contains a "Proof of Claim" provision which states in pertinent part that "Upon request by the Company, the eligible injured person or that person's assignee or representative shall:(b) as may reasonably be required submit to examinations under oath by any person named by the Company and subscribe the same..."

If the respondent requires an EUO of the applicant it has 15 business days after receipt of proof of claim in which to send correspondence requesting the examination under oath. If the party fails to attend, within 10 calendar days of the no-show the insurer must contact the party from whom the EUO is requested to give the party a second opportunity to attend.

If the party fails to appear at the rescheduled EUO, an insurer may issue a denial of pending claims based upon the failure to meet the condition for coverage in not submitting to the requested EUO, as required under the prescribed endorsement. There is no requirement in the regulation that the denial must state the specific reason(s) why the insurer required the EUO.

The respondent alleges to have attempted to schedule the EUO of the applicant, who failed to appear.

The respondent submitted copies of letters which were sent to the applicant and its attorney dated October 4, 2022 and November 17, 2022 for EUOs scheduled on November 7, 2022 and December 22, 2022 and a half, respectively.

The scheduling letters were proper as to form and there is no evidence submitted to establish that the letters were improper in any way, or that they were sent to an improper address. Based upon the policy violation, a timely denial was issued.

The respondent submitted affidavits to support the scheduling of the EUOs and mailing of the scheduling letters. In addition, the respondent provided affidavits by attorneys who were present on the day of the scheduled EUOs and attested to the fact that a witness on behalf of the applicant failed to appear for the two scheduled examinations under oath.

The applicant objected to the sufficiency of the affidavits to establish that a witness on behalf of the applicant failed to appear for the scheduled EUOs because they were dated a year and a half after the EUOs were scheduled.

However, in addition to the attorney's affidavits, the submissions include an affidavit from Adam Akiwowo, a Claims Supervisor for the respondent who discussed its business practices and his knowledge of the details of this claim based on a review of the file. He attested to the fact that the applicant failed to appear for the two EUOs scheduled on November 7, 2022 and December 22, 2022 and that follow-up letters were timely mailed after the first non-appearance. In addition, she attested to the fact that since the applicant failed to appear for the two scheduled EUOs, the claim was timely denied.

The applicant presented no evidence that it did not receive the letters scheduling the examinations under oath or to refute the proof that a witness on its behalf did not appear for the examinations under oath on November 7, 2022 and December 22, 2022.

I find that the totality of the submissions supports the respondent's assertion that a witness on behalf of the applicant failed to appear for the two scheduled EUOs on November 7, 2022 and December 22, 2022.

The policy breach in this case was instituted by the applicant. It was its failure to appear at the two scheduled examinations under oath that caused the denial of the claim. The applicant's failure to appear for the examinations under oath breached a condition precedent to coverage. Unitrin Advantage Ins. Co. v. Bayshore Physical Therapy, PLLC, 82 A.D.3d 559, 560 (N.Y. App. Div. 1st Dept. 2011) held that:

When a EIP or applicant "failed to appear for the requested IMEs,

[EUOs] [the insurer] had the right to deny all claims

retroactively to the date of loss, regardless of whether the denials

were timely issued...A denial premised on breach of a condition

precedent to coverage voids the policy ab initio and, in such case,

the insurer cannot be precluded from asserting a defense premised

on no coverage."

Based upon the proof presented, I find in that the respondent established that the applicant violated a condition precedent to coverage and that its denial can be sustained.

Accordingly, the claim is dismissed with prejudice.

Any further issues submitted in the record are held to be moot and/or waived insofar as they were not raised at the time of this hearing. This decision is in full disposition of all claims for no-fault benefits presently before this Arbitrator.

5. Optional imposition of administrative costs on Applicant.
Applicable for arbitration requests filed on and after March 1, 2002.

I do NOT impose the administrative costs of arbitration to the applicant, in the amount established for the current calendar year by the Designated Organization.

6. **I find as follows with regard to the policy issues before me:**

- ☐ The policy was not in force on the date of the accident
- ☐ The applicant was excluded under policy conditions or exclusions
- ☐ The applicant violated policy conditions, resulting in exclusion from coverage
- ☐ The applicant was not an "eligible injured person"

- ☐The conditions for MVAIC eligibility were not met
- ☐The injured person was not a "qualified person" (under the MVAIC)
- ☐The applicant's injuries didn't arise out of the "use or operation" of a motor vehicle
- ☐The respondent is not subject to the jurisdiction of the New York No-Fault arbitration forum

Accordingly, the claim is DENIED in its entirety

This award is in full settlement of all no-fault benefit claims submitted to this arbitrator.
