ARBITRATION AWARD

I, Eileen Hennessy, the undersigned arbitrator, designated by the American Arbitration Association pursuant to the Rules for New York State No-Fault Arbitration, adopted pursuant to regulations promulgated by the Superintendent of Insurance, having been duly sworn, and having heard the proofs and allegations of the parties make the following **AWARD**:

Injured Person(s) hereinafter referred to as: Assignor-C.T.

1. Hearing(s) held on 03/12/2025
Declared closed by the arbitrator on 03/12/2025

Jared Mallimo from The Licatesi Law Group, LLP participated virtually for the Applicant

Jennifer Jordan from Husch Blackwell LLP participated virtually for the Respondent

2. The amount claimed in the Arbitration Request, **\$2,787.72**, was NOT AMENDED at the oral hearing.
Stipulations WERE NOT made by the parties regarding the issues to be determined.

3. Summary of Issues in Dispute

The record reveals that Assignor-C.T., a 29-year-old female, claimed injuries as the driver of a motor vehicle involved in an accident that occurred on 12/11/2023. Applicant seeks reimbursement for an office visit, trigger point injections ("TPI") under ultrasonic guidance, and injectable medication conducted on 4/24/2024 and outcome assessment testing conducted on 4/29/2024. Respondent denied the claim based on policy exhaustion. The determinative issue presented is whether the Respondent has established that the policy of insurance is exhausted?

4. Findings, Conclusions, and Basis Therefor

Applicant seeks reimbursement for an office visit, TPIs under ultrasonic guidance, injectable medication, and outcome assessment testing. This case was decided based upon the submissions of the Parties as contained in the electronic file maintained by the American Arbitration Association, and the oral arguments of the parties' representatives at the hearing held via Zoom. There were no witnesses. I reviewed the documents contained in MODRIA for both parties and make my decision in reliance thereon.

11 NYCRR 65-4.5 (o) (1) (Regulation 68-D), reads as follows: The arbitrator shall be the judge of the relevance and materiality of the evidence offered and strict conformity to legal rules of evidence shall not be necessary. The arbitrator may question any witness or party and independently raise any issue that the arbitrator deems relevant to making an award that is consistent with the Insurance Law and Department Regulations.

POLICY EXHAUSTION

Legal Standard

Insurance Law § 5102(a) defines basic economic losses reimbursement up to \$50,000.00 per person for all necessary expenses arising from a motor vehicle accident as covered under New York Insurance Law § 5102. An insured is entitled to receive first-party benefits under the No-Fault Law equal to his basic economic loss, up to \$50,000 less the deductions set forth in the Insurance Law and, hence, an insurer may reduce the \$50,000 basic economic loss limit by taking deductions representing Social Security disability benefits received and 20% of lost earnings. Normile v. Allstate Ins. Co., 60 N.Y.2d 1003, 471 N.Y.S.2d 550 (1983), aff'g, 87 A.D.2d 721, 448 N.Y.S.2d 907 (3d Dept. 1982). For additional premiums, extra coverage is available for purchase such as Additional Personal Injury Protection (APIP) as well as Optional Basic Economic Loss (OBEL) which provides \$25,000 more in coverage. *See* Insurance Law 5102 (a)(5).

The computation of basic economic loss can be found in 11 NYCRR §65-3.15: "When claims aggregate to more than \$50,000, payments for basic economic loss shall be made to the applicant and/or an assignee in the order in which each service was rendered or each expense was incurred, provided claims therefor were made to the insurer prior to the exhaustion of the \$50,000. If the insurer pays the \$50,000 before receiving claims for services rendered prior in time to those which were paid, the insurer will not be liable to pay such late claims. If the insurer receives claims of a number of providers of services, at the same time, the payments shall be made in the order of rendition of services."

When an insurer has paid full monetary limits set forth in the policy, however, its duties under the contract of insurance cease. *See* New York State Department of Insurance General Counsel Opinion Letter, dated July 30, 2008. Countrywide Ins. Co. v. Swah, 272 A.D.2d 245 (1st Dept. 2000).

A defense of no coverage due to the exhaustion of No-Fault insurance policy's limit may be asserted by an insurer despite its failure to issue a NF-10 denial of claim form within the requisite 30-day period. New York & Presby. Hosp. v. Allstate Ins. Co., 12 A.D.3d

Encompass Ins., 24 Misc.3d 134(A), 2009 NY Slip Op 5141(U) (App Term 2d, 11th & 13th Jud Dists, 2009). An Arbitrator's award directing payment in excess of the limits of an insurance policy exceeds the arbitrator's power and constitutes grounds for vacatur of the award. Matter of Brijmohan v. State Farm Ins. Co., 92 N.Y.2d 821, 822 (1998); Countrywide Ins. Co. v. Swah, 272 A.D.2d 245 (1st Dept. 2000). Kensington Radiology Grp., P.C., 2017 NY Slip Op 51911(U), 58 Page 3/6 4. 5. 6. Misc. 3d 144(A) (App. Term); Allstate Prop. & Cas. Ins. Co. v. Ne. Co. v. Auto One Ins. Co., 2012 NY Slip Op 50874(U), 35 Misc. 3d 140(A), 953 N.Y.S.2d 548 (App. Term).

The Office of the General Counsel of the New York State Insurance Department (now the Department of Financial Services, or "DFS") issued an opinion on 7/30/2008 stating that an assignment of benefits is wholly ineffective once the policy limits are exhausted (OGC Op. No. 08-07-28). The proper recourse for an assignee/provider is to submit the claim to the claimant's private health insurer or bring an action against the claimant/assignor.

Furthermore, subsequent to the issuance of a denial, a No-Fault insurer may pay uncontested claims and satisfy arbitration awards. If the governing policy's coverage limits have been exhausted by the time the former claim is litigated, the insurer may assert that fact as a defense. Harmonic Physical Therapy, PC v. Praetorian Ins. Co., 47 Misc.3d 137(A), 15 N.Y.S.3d 711 (Table), 2015 NY Slip Op 50525(U)(App. Term, 1 Dept., Apr. 14, 2015).

Insurance Law Section 5107 entitled "Coverage for non-resident motorists" and also known as the "Deemer statute" requires an insurer who is authorized to transact business in New York who sells a policy of insurance in any other state to include coverage in satisfaction of the financial security requirements of Article 6 of the Vehicle and Traffic Law entitled "The Motor Vehicle Financial Security Act". The statute does not require that the policy in the other state provide for any "PIP" or medical payments provision. Rather, the statute requires only that the foreign state insurer is also authorized to transact business in this state and that that "liability insurance coverage" was sold in the foreign state. If these two conditions are met, the coverage limits afforded to the non-resident motorist are deemed to be the minimum limits in New York, i.e., \$50,000 for first-party benefits payable to victims of motor vehicle accidents. This is also set forth in regulations promulgated by the Department of Financial Services (formerly known as the Insurance Department) at 11 NYCRR 65-1.8 entitled "Coverage for nonresident motorists driving in this State" which deems New York's financial security requirements to apply to the foreign policy. Moreover, the applicable policy specifically states that "[w]hen the policy applies to the operation of a motor vehicle outside of your

state, we agree to increase your coverages to the extent required of out-of-state motorist by local law."

Analysis

In support of the contention that the policy has been exhausted, Respondent submits a copy of the Claims Adjuster affirmation of Amanda N Prouty, dated 3/6/2025, which states that Respondent Repwest Insurance Company, "is the claims administrator for self-insured U-Haul's no-fault claims" and "Since the accident occurred in the State of New York, under the Insurance Law and No-Fault Regulations, Repwest (a claims administrator for self-insured U-Haul vehicles) was statutorily required to provider \$50,000.00 in no-fault benefits to [Assignor-C.T.]" in accordance with the Deemer statute. Ms. Prouty listed the payment ledger for [Assignor-C.T.]'s no-fault benefits, which indicates that \$50,000.00 has been exhausted. A global denial, dated 5/7/2024, was issued based on policy exhaustion.

Applicant argued that the Respondent must pay beyond the coverage limits on the grounds that there was money available when the claim was received, and thus, if its denial is not sustained, it had a priority of payment under 11 NYCRR 65-3.15. Citing to Alleviation Med. Svcs. P.C. v. Allstate, 55 Misc.3d 44, 2017 N.Y. Slip Op. 27097 (App. Term, 2nd, 11th and 13th Jud. Dists.) contending that since there was money available when the Applicant's bill was received by the Respondent and denied, that this bill should be paid if the defense is deemed invalid. I respectfully disagree. In Alleviation, supra., the Appellate Term upheld the Civil Court's denial of summary judgment to the defendant insurance company on the issue of policy exhaustion. Thus, I do not interpret the decision in Alleviation, supra., to overturn the long line of case law that clearly states an insurer's liability ends upon exhaustion of its policy limits. Noteworthy is the court's recognition of the holding in Harmonic Physical Therapy, P.C. v. Praetorian Ins. Co., 47 Misc. 3d 137(A), 2015 N.Y. Slip Op 50525(U) (App. Term, 1st Dept. 2015).

I choose to follow the decision of the Appellate Term, First Department in Harmonic Physical Therapy v. Praetorian Insurance Company, supra, which holds that those subsequent verified and undisputed claims had a priority of payment under 11 NYCRR §65-3.15 before the disputed claim of the plaintiff provider. In other words, denied claims do not hold a place in the priority of payment line ahead of subsequently filed claims that were paid by the Respondent.

The court in Harmonic Physical Therapy, supra, stated, in part, "Contrary to plaintiff's contention, defendant was not precluded by 11 NYCRR §65-3.15 from paying other providers' legitimate claims subsequent to the denial of plaintiff's claims. Adopting plaintiff's position, which would require defendant to delay payment on uncontested claims, or, as here, on binding arbitration awards - pending resolution of plaintiff's disputed claim - 'runs counter to the no-fault regulatory scheme, which is designed to promote prompt payment of legitimate claims'".

Applicant did not submit any evidence to rebut the Respondent's defense of exhaustion. Consequently, Respondent has demonstrated that the no-fault coverage provided by statute has been exhausted.

Accordingly, Applicant's claim is denied in its entirety. This decision is in full disposition of all claims for No-Fault benefits presently before this Arbitrator.

5. Optional imposition of administrative costs on Applicant.
Applicable for arbitration requests filed on and after March 1, 2002.

I do NOT impose the administrative costs of arbitration to the applicant, in the amount established for the current calendar year by the Designated Organization.

6. **I find as follows with regard to the policy issues before me:**

- ☐ The policy was not in force on the date of the accident
- ☐ The applicant was excluded under policy conditions or exclusions
- ☐ The applicant violated policy conditions, resulting in exclusion from coverage
- ☐ The applicant was not an "eligible injured person"
- ☐ The conditions for MVAIC eligibility were not met
- ☐ The injured person was not a "qualified person" (under the MVAIC)
- ☐ The applicant's injuries didn't arise out of the "use or operation" of a motor vehicle
- ☐ The respondent is not subject to the jurisdiction of the New York No-Fault arbitration forum

Accordingly, the claim is DENIED in its entirety

This award is in full settlement of all no-fault benefit claims submitted to this arbitrator.
